C) SMELL, FEEL & TOUCH

Introduce the children to a few things with a distinct smell e.g. rose, onion, soap, etc.

Cover one of the objects with a cloth, be sure the child does not see you covering the object - let the child smell and recognize the object.

Fruits like an apple or a banana may be covered and the child with the eyes closed or blind folded may touch and smell and recognize the object.

D) TASTE & FLAVOURS

After children are introduced to different tastes e.g. sweet, sour, bitter, hot (chilli), salty, give the child one object (only one at a time), to taste and identify.
