STORIES

THE GREEDY DOG

Once there was a very hungry dog. He searched food everywhere. At last, he found a piece of meat. He picked it with his mouth & went to a bridge. While crossing the bridge, he saw reflection in the water. He thought that there was another dog. He wanted to get that other piece of meat too. So, he started barking. His piece of meat fell into the water.

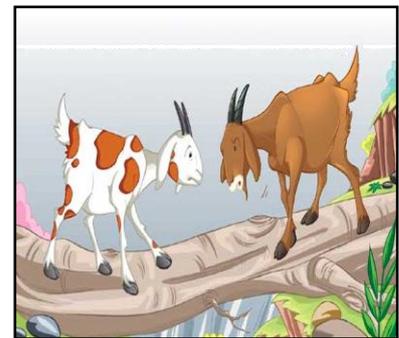

Moral: Don't be greedy.

TWO SILLY GOATS

There was a narrow bridge over a river. One day two goats wanted to cross the bridge at the same time. One goat was on one side and another was on the other side. One of them said, "I shall go first," and another said, "I shall go first." At last, they came to the middle of the bridge. They both began fighting, and fell into the river.

Moral: Don't fight with others.

THE ANTS AND THE GRASSHOPPER

Once upon a time, there lived a grasshopper and some ants in a garden. The grasshopper was lazy. He sang and danced all day. The ants worked hard and carried food to their ant hill every day. In winter he grasshopper had no food to eat. The grasshopper asked the ants to give him some food. The ants were kind and helpful and give him food. The grasshopper thanked the ants and began to work hard.

Moral: Work today and you can reap the benefits tomorrow.

DEVELOPING SENSES-KNOWING BEYOND BOOKS

Activities to be played in the classroom for intellectual development (sense training) and reading readiness.

A) LISTENING

Take a familiar object e.g. a bunch of keys, without children seeing it. Rattle the keys and then ask children to recognise the sound. In this way many other things that produce distinct sounds may be used; a small bell, a big bell, ghunghroo, etc.

B) TOUCH & SENSE THE STEREO GNOSIS BAG

Put some familiar objects in a cloth bag and close the bag. Be sure children do not see you putting the objects in the bag. Ask children to close their eyes, let them feel the bag nicely with their fingers and recognize the objects.

To start with just a small plastic ball may be used. Pencil, rubber, different vegetables like carrot, turnip, an apple or an orange can be used.

C) SMELL, FEEL&TOUCH

Introduce the children to a few things with a distinct smell e.g. rose, onion, soap, etc.

Cover one of the objects with a cloth, be sure the child does not see you covering the object - let the child smell and recognize the object.

Fruits like an apple or a banana may be covered and the child with the eyes closed or blind folded may touch and smell and recognize the object.

D) TASTE&FLAVOURS

After children are introduced to different tastes e.g. sweet, sour, bitter, hot (chilli), salty, give the child one object (only one at a time), to taste and identify.

E) PHYSICAL DEVELOPMENT

1. Make the children stand in a circle and pass the ball.
2. Children may sit down on a carpet and pass the ball.
3. Children will form two lines standing face to face and pass the ball across.

F) SING-O-MANIA

1. I wrote a letter to my mother on the way I dropped it.
2. Oranges and lemons sold for a penny.

G) LITERARY LEARNING

1. One two three hop
2. One two three hop.
3. Hop (10 times) with counting.
4. Jump (10 times) with counting.
5. Walk gracefully with the music in a line and turn.
6. One, two, three, four with stepping go round the circle.
