THE VALUABLE ORIENTATION OF CONNECTIVITY AN ENERGETIC SESSION BEGINS WITH A CREATIVE MINDSET

Heading Towards The Bright New Session

The heralding of the new session is an auspicious time for the Jai Vatikan family. It opens the gateway ushering each of us into the portals of the school with invigorated minds and bodies and envisaging new dreams and hopes. The Present Orientation letter will help you to explore the factors and situations that will definitely benefit you and your child in the successful journey of this important transition phase.

ROUTINES ARE FOREMOST

- Time management helps to lead a successful life. Motivate your child to set up a healthy routine so that child learns to prioritize various tasks and does not feel burdened.
- Set an appropriate sleeping and wake up time so that your child adjusts well with the new timings and is energetic and active during the school hours.
- Ensure that you provide fresh and adequate tiffin so that your child enjoys a healthy meal in school and does not feel uneasy during the school hours. The teachers would ensure that the child finishes his/her tiffin.
- Further, any issues regarding your child's eating habit could be informed to the class teacher.

TALK TO YOUR CHILD ABOUT THE SCHOOL

- Let your child share every activity being performed in the school on a regular basis. It will enhance the trust between you and your child.
- If your child feel hesitant in sharing, initiate the discussion yourself to make your child more expressive and open so that he/she can discuss and talk about all major concerns which he/she might otherwise be hesitant to.
- Create the feelings of positivity and good will in the child towards the school and the teachers.

DISCIPLINE- THE BRIDGE BETWEEN GOALS AND ACCOMPLISHMENTS

There is value of discipline in all walks of life. Whether at school or at home, in the office or in the factory, in the playground or in the battlefield, discipline is a necessity.

- **Discipline is indispensable for all to live a successful and happy life.**
- **Discipline gives us an opportunity to learn from experience and grow.**
- **Lack of discipline would result in complete chaos and disorder, no peace and progress.**

FOR PARENTS

- Plan the DISCIPLINE TECHNIQUES.
- Explain the technique and the reason of following it.
- Set your own example of disciplined conduct and behaviour for your children to follow.
- You will SEE a positive change in your child.

DISCIPLINE IS DOING WHAT YOU KNOW NEEDS TO BE DONE, EVEN WHEN YOU DON'T WANT TO DO IT.

E.g.: If it is a rule that the child must have limited access to electronic devices and gadgets then,

- **Set the time**
- **Explain the benefits of minimum visual screen usage.**
- **Be firm that the child doesn't use visual screens more than the time allotted by you.**

- ✚ Be clear about the rules that you want your child to follow.
- ✚ Schedule or establish rules for him/her to follow.
- ✚ Paste the rules in his/her room or cupboard.

For E.g.: If you wish to make the child follow a time table then:

- **Make a time table with the child's consent.**
 Note- Ensure the Child's consent if you want it to be followed properly.
- **Explain the benefits of following the time table.**
- **Paste it on the child's cupboard to follow.**

- ✚ Tell them about the after effects of indiscipline.
- ✚ **GIVE YOUR CHILD SMALL BUT INDIVIDUAL RESPONSIBILITIES.**

For E.g.: If your wish is to make a child responsible then:

- **Assign your child with small tasks related to home.**
- **Do not complain about minute mistakes; rather give small gifts on the successful completion of the tasks. (Appreciations work as wonder)**
- **Explain that his/her responsibility and duty is helping everyone at home.**
- ✚ **Lastly:** Reward your child.... After all he/she is your child. But ensure that the rewards act as an effective source of appreciation and motivation for the child instead of pampering him/her.

FOR STUDENTS

- ✚ Whatever you begin (as a point of honour) always finish it as it'll boost your confidence.
- ✚ Exercise to keep you fit, active and energies focused.
 Daily exercise will energize your soul, mind, body.
- ✚ Dump excuses and try your level best in very effort.
- ✚ Be honest to yourself and to others.
- ✚ Nothing can be achieved by following SHORTCUTS.
- ✚ Create powerful habits, organised routines and humble behaviour.
- ✚ Study the habits and lives of great, famous and successful people. Get inspired from them.
- ✚ Try to be productive. Compete with yourself only. Try to achieve and do better than you did previously.

*Lastly, remember, power, talent and force is inside all of us
 We need to rise up and shine
 Discipline is the only key to shine and succeed better.*

Managing these few tips you can make this whole new school experience more exciting. Further, for intensifying fruitful and healthy bonding, it's important to stay connected with the school via School Pad and Broadcasting Whats App group and ensure your regularity for the chat sessions and PTMs. Regular feedbacks are always welcome.

*Wishing you a happy and delightful year ahead!
 Happy Parenting!! Happy Teaching!!*
